Part specifications	
Customer part number and revision	123456 A
Description	DCL, BBL, YAKIMA
CleanMark part number	123456
PO number	100001
Quantity	1,000
Manufacturing details	
Lot number	123456
Manufactured	1/1/2025
Material/adhesive expires	1/1/2027
Items	123456, 123457, 123458
Materials	
CM1000	20 in x 27 in polyurethane doming resin (NOT IN INVENTORY)
CM1001	13.5 in 4-mil transfer adhesive with excellent adhesion on tough surface (LSE)
CM1002	13.5 in 2 mil white top-coated PET / no adhesive
CM1003	13.5 in 4 mil PET liner

This is to certify that the products contracted by the purchase order listed on this document have been manufactured, processed, and inspected in accordance with all requirements of the purchase order and all applicable specifications and blue prints and that all materials, processes, and characteristics of the product are in conformance to all documented requirements.

Lgi (CleanMark) certifies that all materials used by CleanMark will comply with the requirements of RoHS EU Directives 2002/95/EC, 2003/11/EC, 76/769/EEC, 2011/65/EU, and China RoHS Directive SJ/T 11363-2006 as to maximum allowable levels of lead, cadmium, hexavalent chromium, mercury, PBBs and PBDEs.

Records to support the compliance of this product are maintained on file and are available upon request.
